DEMOCRAT SARA OROZCO DELIVERS 943 SIGNATURES

NEEDHAM - In a major step toward winning the Norfolk, Bristol, & Middlesex District State Senate seat, Needham Democrat Dr. Sara Orozco today turned in 943 certified signatures to the office of the Secretary of the Commonwealth. Dr. Orozco is the only Democrat to submit nomination papers in the State Senate race for the district that includes Millis, Needham, Norfolk, Plainville, Wrentham, North Attleborough, Sherborn, Wayland and parts of Franklin, Wellesley, Attleboro, and Natick.

“I’m thrilled by the outpouring of support from across the district. Our goal was to get twice the number of signatures required by law just to be safe, but thanks to our volunteers, we more than tripled that amount with voters from each of our twelve towns represented.” said Dr. Orozco.

Dr. Orozco, a Needham psychologist and mother of twin boys in the Needham public schools, easily fulfilled the 300 signature requirement.

Constituents are already coming out to support Dr. Orozco’s candidacy. "Sara Orozco is such a breath of fresh air," says Jon Saxton, Chairman of the Wayland Democratic Town Committee. "Her passion and determination are infectious and we had no problem gathering more than 180 nominating signatures for her in just a few hours."

Dr. Orozco will officially announce her candidacy in May, once she has received official certification of her signatures from the Secretary of the Commonwealth. “In talking to people in the district, I’ve heard a consistent call for change and the need for an accessible leader who is focused on relevant everyday issues that face our families. I am running to answer that call.”
